Important Dates

Nov. 11 Field Trip Dad's Day C.C.
Spinach Fest

Nov. 15-18 No school

Nov. 22-Mom's Day Thanksgiving
Luncheon

Nov. 23-25 No School

Nov. 30 Birthday Club

We welcome 4 New Toddlers Students to the class. In the month of November we will be working on community Helpers. Children will be exploring the different Community Helpers, such as: Policemen, Firefighters, Doctors, and the important roles they play in our daily life. We encourage you as a parent to give your child the responsibility of a daily job at home.

Along with this we will be having community visitor's: Policemen, and Border Patrol.

We also would encourage children to continue working Self-Help skills using spoon/fork, and proper nose wiping. We like to Thank parents for attending our parents meeting, platicas, and physical fitness day.

Have a Safe Thanksgiving

Dear Families,

Our class is beginning the theme, "Our Community." We will be exploring ideas about places in the community, people in the community, transportation, and taking care of the environment! The goal of this theme is to have children develop responsibility in their daily lives while learning good citizenship.

Here are some ways you can show community involvement and teach responsibility at home.

- Take your child to community places and events, such as story hour at the public library or a high school sporting event.
- Talk about community workers, such as crossing guards and store clerks, and how to be respectful of them.
- Point out community resources that are part of your daily life, such as trash collection, mail delivery, bus service, and so on.
- Teach your child how to "Reduce, Reuse, and Recycle!"

Give your child the responsibility of a daily job.

This theme strives to make children responsible for their actions, now and in the future. The concepts and life skills they learn will be invaluable.

Make "going green" a family activity!

Dates to remember:

Nov. 9 - Field trip to public Library

Nov. 10 - Field trip to post office.

Nov. 11. - Field trip C.C fest.

Nov. 15- 18 No school

Nov. 22 - Thanksgiving Luncheon Dads Day

Nov. 23 - 25 Thanksgiving Holidays

- Nov. 10th- Field Trip to Post Office
- Nov. 11th- Field Trip to CC Spinach Fest Dad's Day
- Nov. 14-18th- No School/ Teacher Trainings
- Nov. 22nd- Thanksgiving Luncheon Mom's Day
- Nov. 23-25- No School Thanksgiving Holidays
- Nov. 30th- Birthday Club

PARENTS

We thank you all that have volunteered their time to join us in our school activities. We appreciate all the feedback and comments that help us in our daily lessons. Also thank you for participating and contributing in our monthly B-day clubs. Keep up the great job!

Our class is well on their way on their daily routines of school and are now ready to explore different places in our community. The next theme being studied is Our Community. The children will learn to be well aware of their community and the different jobs each individual performs.

The children will learn that all different kinds of people may or may not share the same traits as them. When studying about the community, children will find out that the people represent different cultures, and learn how diverse people can live, work, and play together. The children will learn how to be good citizens in our community and demonstrate it in the classroom.

This theme will help the children strengthen their language development and build a rich vocabulary as they discuss people who make a difference.

As always parents we encourage you to come in and volunteer when able in any way you can.
