

Red Gold Receives Plate of Bounty Award

The National Migrant and Seasonal Head Start Association (NMSHSA) honored Red Gold with the Plate of Bounty Award at its National Conference in Washington DC. The Award was received by Tim Ingle, Red Gold Human Resources Director and a member of the TMC Board of Directors.

Red Gold was chosen for this special recognition for its dedication and commitment to our migrant children and their families for many years. Red Gold has invested \$5.7 million over nine years to expand its three migrant housing camps with private apartments and amenities such as private bath/and showers, laundry facilities, kitchenettes, air conditioning; and playground areas.

Red Gold is a 3rd generation family owned business whose foundation of success is built upon exceptional quality, customer service, and operational excellence.

TMC Celebrates National School Bus Safety Week

During the week of October 17-23, 2011 TMC Centers in the Wintergarden Crystal City Region celebrated National School Bus Safety Week. Different events were held throughout the region to honor the work of the transporters of TMC's most precious cargo, the children.

This year's theme was "Be Aware - Know the Danger Zone". Bus Driver's and Bus Aide's were shown the appreciation of their hard work, with Certificates of Appreciations, thank you letters from the children to the drivers and cake and ice cream. Also, parents took time to personally thank the bus drivers for caring for their children.
