

Board of Directors Visit Red Gold Facility

During the September TMC Board of Directors meeting held in Indiana, members of the Board of Directors took time to visit the Red Gold facility in Elwood, Indiana. During their visit they took time to visit some of the housing facilities the migrant families use, the delivery of tomatoes to the facility, the cleansing of tomatoes, the separation between good and bad tomatoes and the canning process for the different types of products Red Gold sends to the different stores throughout the United States.

Millbury Center Celebrates Hispanic Heritage Month

To commemorate the work of Hispanics throughout the United States, TMC's Millbury Center celebrated Hispanic Heritage Month on Friday September 23. The teachers and children dressed in traditional costumes from different parts of Mexico to celebrate the children's family origins.

Children were treated to activities that included food with Mexican colors, crafts and a hat contest. The hat contest included the toddler's teachers making the frame of the hat with cardboard and sending them to the parents for decorations, the hats were very beautiful.

The families were treated to traditional Mexican food prepared by Center staff. In true Mexican flavor, music filled the air and parents joined their children in dance.
